What are Mameshiba?

Simply put, *mameshiba* means “bean dog” in Japanese. But Mameshiba aren’t beans or dogs. They’re a little bit of both! And the one thing these bean dogs like more than anything else is trivia. So if you ever see a Mameshiba and it asks, “Did you know?” listen up. Because you’re about to hear something very special.

Black Bean

Black Bean is very shy and has perfected the fine art of staring.

TARO AND THE MAGIC PENCIL

Story & Art by
Sango Morimoto

the story

Taro loves to draw comic books. He used to think the comics he created were nothing more than flat pieces of paper—until they came to life! Now Taro's characters are being erased! How can a real boy save a comic book world? With the wave of a magic pencil, of course!

Taro turned a page, and
up popped a strange
little man.

OH HO!
YOU FINALLY
FOUND ME!

HELLO,
TARO.

It was the Wise Magician, the very first character Taro had ever drawn. Because he was the first, the magician knew all there was to know about Doodledom.

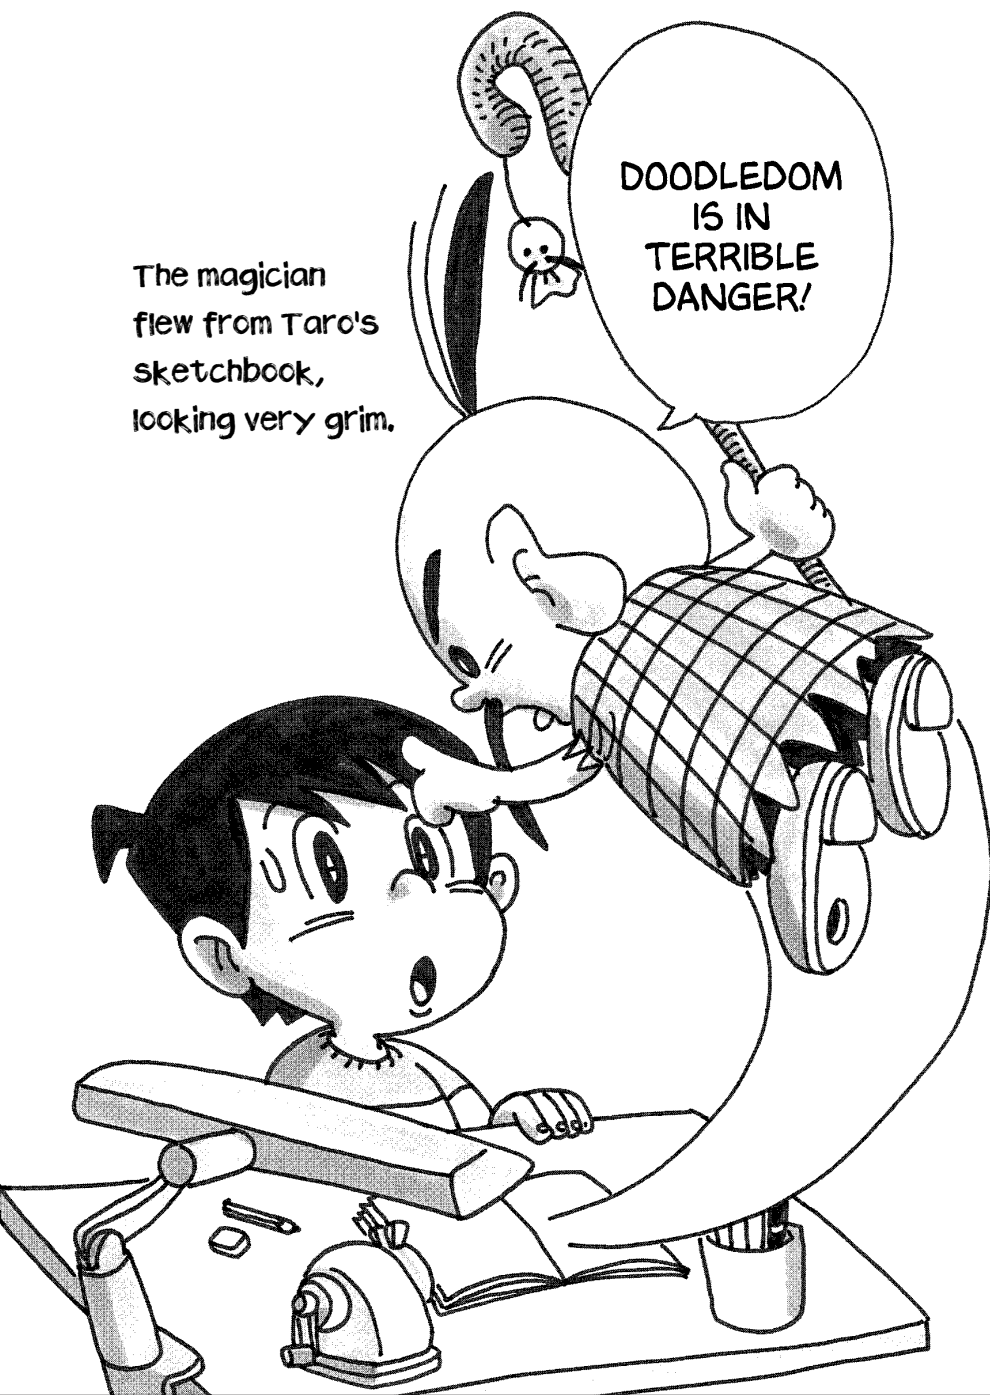

Taro had always imagined that the magician was the only character who could travel between Doodledom and the real world.

The magician
flew from Taro's
sketchbook,
looking very grim.

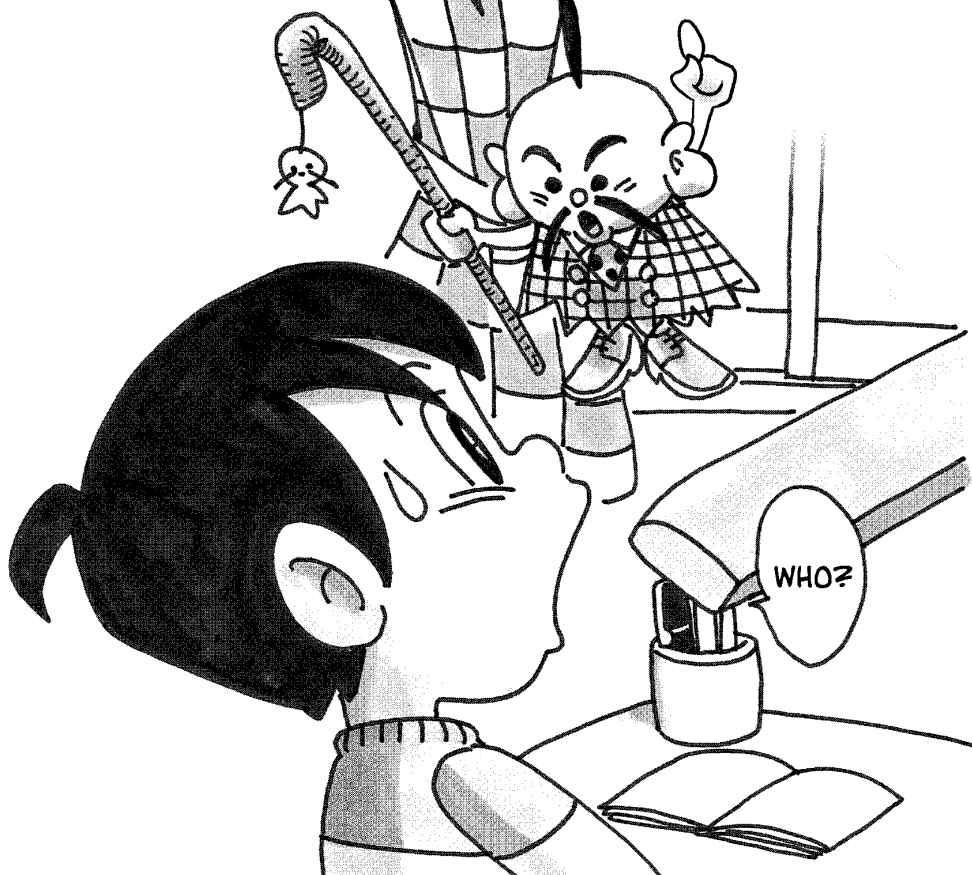

DOODLEDOM
IS IN
TERRIBLE
DANGER!

KING
CROSSOUT
IS ON THE
LOOSE!

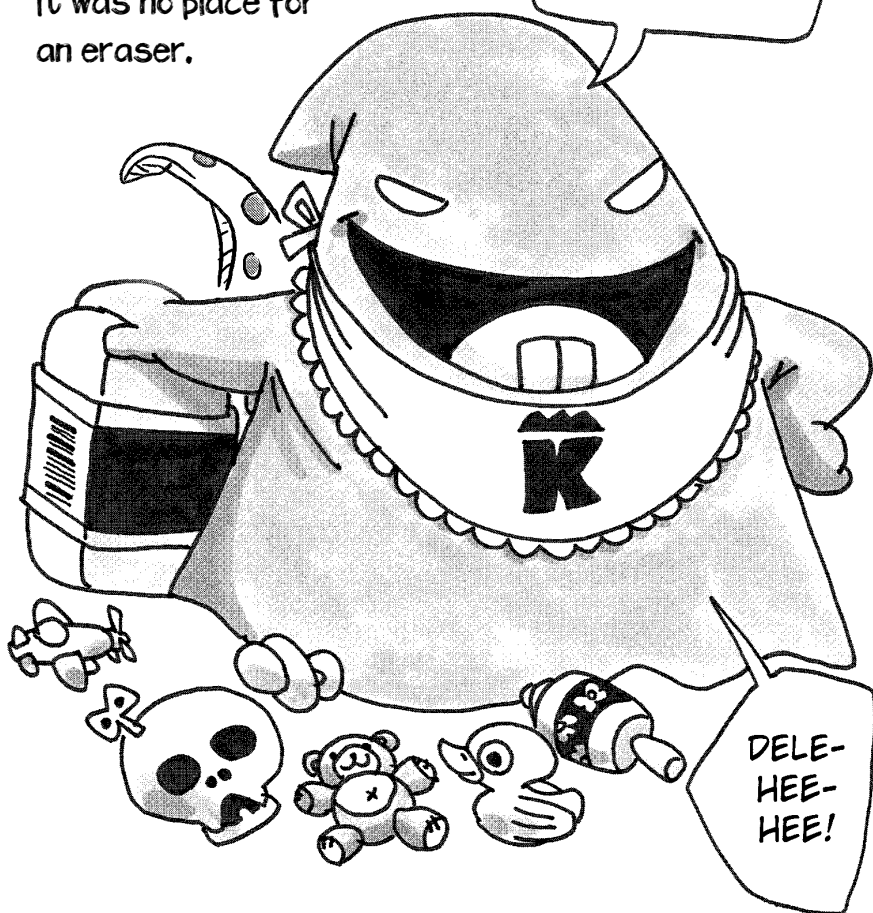

HE'S USING HIS
MAGIC ERASER
TO CONQUER
DOODLEDOM!

Taro didn't
remember ever
drawing King
Crossout.
could he be
another
character in
disguise?

Everything in Doodledom
was drawn in pencil, so
it was no place for
an eraser.

With no one brave enough to stand up to him, Crossout declared himself king. Little by little he was turning Doodledom into a very scary place.

The magician's story made Taro fighting mad.

THIS KING
CROSSOUT HAS
TO BE STOPPED!

IF ONLY I

DOODLEDOM AND
